Day visitors' exhibition ticket

Photon14 is the seventh event in the series organised by the Institute of Physics for those working in, or studying, optics and photonics – whether you're just getting started or experienced in the field. An exhibition will be held alongside the conference from 2-3 September 2014 in the Queen's Tower Rooms at Imperial College London. The exhibition is free to attend.

The exhibition will be open to non-participant visitors on Tuesday 2 September from 10.15–11.45, 14.15–15.30 and 16.15–17.30, and Wednesday 3 September from 10.15–11.45 and 14.15–15.30. To book your free place, e-mail conferences@iop.org with your name and affiliation. Note you will not be granted access to any technical sessions.
